

Please print out at A4, fill in the required information, then cut out and place in your car tax disc holder.

Use the reverse side to add any information you feel is relevant.

As of the 1st October 2014 your tax disc was no longer required to be displayed in your vehicle.

Sponsored by The Emsworth Business Association, Acorn Health have produced the Emergency Contact Tax disc which can be used in the event of an accident, enabling a first responder to obtain vital information that may save your life. The sections fold inwards so your details are not seen by passersby.
